Masai School

PROFESSIONAL SUMMARY

Visionary Full-Stack Developer with robust JavaScript expertise in the MERN stack. Proficient in Generative AI, rapid tech stack adaptation, and scalable web application development. Skilled in collaboration, problem-solving, and ensuring seamless front-end and back-end integration. Committed to enhancing development workflows and delivering excellence.

WORK EXPERIENCE

Zongovita Tech Pvt Ltd

Graduate Engineer Trainee (GET)

October 2023 - August 2024

Job responsibilities:

- Designed, developed, and maintained web applications utilizing both frontend and backend components, focusing on responsive and user-friendly interfaces.
- Optimized and implemented APIs and managed databases, ensuring seamless integration with backend services while collaborating with cross-functional teams.

PROJECTS

1. Chat Message | [🌐](#) | [🔒](#)

JavaScript | React | Git | Redux | Node.js |

Express.js | MongoDB | RESTful APIs | HTML5 |

CSS3 | Responsive Web Design

- Created a real-time chat application with features such as one-to-one and group messaging using React.js and Socket.io.
- Designed RESTful APIs and implemented the backend using Node.js, Express.js, and MongoDB.
- Implemented secure login/signup with email OTP verification and real-time messaging.
- Developed search functionality and a chat list page to enhance user experience.
- Maintained application responsiveness and cross-browser compatibility using HTML5, CSS3, and responsive web design.
